Sir
Dear Mr. Kostyuk:

I would like to send my personal thanks for your dedication and enthusiasm in implementing a very successful immigration settlement service in Saskatoon.

The work you undertook has significantly impacted the lives of our new immigrants. Making Saskatchewan their new home cannot be taken for granted, and it is through the work such as yours, that makes newcomers feel welcome and valued. We know that they come for the job, but stay because of the people.

Thank you again, and I wish you the best in your future.

Sincerely,
